RE: Executive Summary - DELETION of Physical Education Teacher Education  
Sequence from the M.S. in Kinesiology and Recreation

The Physical Education Teacher Education Sequence has had low enrollment for multiple years and no increase is expected. Effective immediately, no new students will be accepted into this program. Students who are now enrolled in the sequence will be allowed to complete their graduation requirements. Faculty members who have been staffing this sequence are needed to serve students in the Kinesiology and Recreation undergraduate program. No impact is anticipated on any other campus program.
