2. Provide a list of other programs referencing this program.

No other programs reference this sequence area.

3. Provide a rationale for deleting program.

The Department has submitted a proposal for a new B.A.B.S. in Interior Design which would replace this sequence. Graduation requirements would be the same except for a change in the department's FCS Core.

4. Describe the expected effect of the proposed program deletion on existing campus programs.

No effect.

5. What arrangements will be made for program faculty and students?

The FCS advisor will work with interior design students to ensure a smooth transition as we move from a sequence to a degree program.

6. What is the anticipated budget effect?

No budget effect. We anticipate no significant change in enrollments and there is a small decrease in the number of credit hours required (with the change in FCS Core).

7. No Did this program previously count towards teacher education?

8. No Was this an Interdisciplinary Studies program?
